## USER MANUAL |

# TINY 1

REF : PFDIT1

## INSTRUCTIONS OF USE

Please read this manual carefully as well as any tag stuck onto the machine and make sure you understand the meaning before use.

Store these instructions near the diffuser for future reference.

Make sure that each person who will use this product has carefully read this manual.

Be aware that using a tool by following the instructions manual do not guarantee the elimination of every risk factor.

Proceed with care.

Don't use this tool if you have doubts about the correct and safe way to proceed.

## GLOBAL SECURITY INSTRUCTIONS

**WARNING Please, read the entirety of security rules and instructions.**

The non-respect of those rules and instructions may result in a risk of electric shock, fire and/or cause serious injuries.

**Keep this security rules and instructions manual for future reference.**

Don't use the diffuser in a humid environment and under excessive heat.

Prohibition of using the diffuser in stormy weather.

Don't use the diffuser in a room that has no ventilation or no airflow.

Don't fill the diffuser with dangerous or toxic liquids.

Please set the time-slot and the diffusion time in a reasonable way.

Please keep the diffuser in a vertical position.

Make sure the diffuser is set on a plane and stable surface.

Don't sit on the diffuser.

Please clean and maintain the diffuser regularly.

Damaged power cords need to be replaced with a cable that has the same electric properties as the previous one to avoid any risk.

It is forbidden to open the diffuser to repair it. Please contact a professional technical assistant.

Please unplug the power cord before any maintenance.

11. To add other diffusion time slots, redo the previous steps with an available time slot.
12. To confirm click on "Save".

## STARTING UP

13. Press the "On/Off" button to turn on the diffuser. The diffuser emits a sound signal.
14. The diffuser will automatically activates depending on your programming choices.

## MAINTENANCE

To change the fragrance, empty the reservoir, then wash it gently with our Cleaner Fluid or with 70° denatured alcohol. For this step, it is recommended to use gloves, in order to avoid any contact between the alcohol and your skin.

The fragrance is a greasy product, a water washing isn't enough and is not recommended.

Once the reservoir emptied and cleaned, you can now refill it with the fragrance of your choosing.

## GUARANTEE

Your product is new and is guaranteed by the legal guarantee of conformity (Articles L 217-4 and followings of the Consumption Code). This guarantee do not cover defects or damages due to a bad installation, an incorrect usage or the normal wear and tear.

In case of non-compliance, during the 2 years after delivery date, you can obtain the reparation or the replacement of your product, or failing, the reimbursement (if the reparation or the replacement is impossible or can not be done before the one-month mark preceding the treatment of your demand, you can return the product and be refunded or keep it and be partially refunded).

## TECHNICAL ASSISTANCE

You encounter some difficulties ? Contact the technical support from Mondays to Thursdays between 08:30 and 12:30 and between 14:00 and 18:00, and on Fridays between 8:30am and 12:00 (UTC+02:00 from the last Sunday of March to the last Sunday of October, and UTC+01:00 the rest of the year)
